

# HIC PROJECT

## LOGIN PAGE

- We need two separate logins. One for the staff another for the admin.
  - **Staff login**
    - The user login needed a username and password that is common to all.
    - Access to dashboard.
  - **Admin login**
    - Separate login id and password.
    - Access to dashboard.
    - Access to change rate of works per meter and rate of benefits of works.

## DASHBOARD

- In this we need to select a particular team from the **team list**.
- Choose the category 44 or 58 separately.
- After selecting the team and category we need to add the workers according to the work (weaving, pern-winding, wrapping, joining).
- Under a work say weaving we need to add the works name from the works name-list for the select particular team who had done the work weaving.
- After adding the works under the particular work, in the next page add the meter of work they had done and calculate their wage with all benefits and allowance they have. (Benefits and allowance are given with conditions)

- **Do this for all works selected for the particular work. Save this and submit it to store it database.**
- **Similarly repeat this for all remaining works after all the 3 works belong to 44 categories had been finished, repeat this for 58 categories (which also have same works).**

#### **ADD NEW TEAM**

- **Here we add new team which is stored in database with (Team-ID, Team-Name, Location, Phone-Number, Bank-Name, Branch-Name, Bank-IFSC CODE, Bank-Account Number).**

#### **ADD NEW TEAM MEMBER**

- **Here we add new team member for any particular team which need to be stored in database with (Name, Team-Name, Bank-Name, Branch-Name, Bank-IFSC CODE, Account Number).**

#### **SEARCH OPTION**

- **To extract the wages of a particular team for any particular month and year.**

#### **FINAL LIST**

- **This needs to have this particular data (SL-NO, Name, ID, Meter, PF, ESI, GRATUITY, OTHERS, TOTAL, MARGIN, INDIVIDUAL WAGE, TOTAL**

**AMOUNT OF PARTICULAR MEMBER THAT PROVIDED TO TEAM, GRAND TOTAL)**

**Here Grand total: SUM OF ALL TEAM MEMBERS**

**We need a display of all this in a page and that page need to be made printable.**

### **SHORT LIST**

- **The contain a view of individual works.**

### **ADMIN CONTROL**

- **Change of price per meter of every works.**
- **Change of price of benefits and allowance.**

### **DATABASE**

- **Team list**
- **Team particulars**
- **Team members**
- **Wages per month**
